

Monday, June 9
Akiruno City Public Mido junior high school

Thank you for our visit of your embassy

We really appreciate your cooperation for our visit of your embassy on June 5th. This was the first time for our students to visit the embassy with no escorting teachers. Thanks to your cooperation, students in our school felt that we could understand more about your culture. After coming back to our school, we talked about the culture of your country. We will make a plan for presentation on the base of visiting your embassy on the next month. Students in our school are getting ready for the presentation. Looking back the experience in your embassy, we exchange information and learn more about the culture of your country. Thank you for your kindness and cooperation.

Sincerely,

Principal, Masashi Yamazaki and the second grade teachers
